'About \$300,000? be the size of it?"

"About a mile long," he replied, stroking his chin complacently, "and it will be the hardest thing to stop (when it gets started) you ever saw. Really you will have to begin stopping it half an hour before it starts. It's the fastest thing you ever saw and will get to the next town three days before the old woman's gossip."

When I expressed surprise about how large he proposed to make of the fifth judicial district of the the real machine, his reply was:

'.When the nose is coming into San Francisco the tail end will be delivered for judgment rendered in pulling out of Chicago. We don't want to crowd the seating capacity and its also well to have plenty of H. Monteath, and against Beach advertising space. Can you put me Yerington Copper company, a coronto a man who has brains as poration, for the sum of five hundred well as money?"

"Did you hear about the last storm in Lundy? The snow was interest of the defendant, Beach thirty feet deep and I had to get up and walk a half mile so that ' could get a shovel to dig myself out of bed with. It was bitter cold and some men when lifting a bottle thousand, five hundred and thirty of whiskey to their lips became frozen to it. They have never since been able to get away."
